### Photograph/Video Recording/School Website & Social Media

At Riverside Primary Academy, we regularly take photographs and videos of pupils. Our pupils are often photographed in connection with their learning experiences, school plays, concerts, trips, sporting events and celebrating achievements. They are also used for assessment folders, displays around our school and in our newsletters.

In addition to this, our school website is used to showcase the children's talents and achievements, and is updated regularly with photographs and children's work. All of our website posts are automatically posted to our Facebook/Twitter pages. Your child's photograph will therefore be open to the public domain.

We would like your consent to take photos of your child, and use them in the ways described above. If you're not happy for us to do this, that's no problem - we will accommodate your preferences.

- I am happy for photos of my child to be taken and used in the ways described above.
- I am happy for photos of my child to be used on the school website and social media pages.
- I am NOT happy for the school to take or use photos of my child.

### Supervised Local Learning Experiences

In order to enhance learning and provide exciting experiences for our pupils, we occasionally take the children out into local areas around school. For example, the swimming pool, local shops, library, park and church. Visits included in this permission will be within walking distance and will not require any form of transport. This consent allows the class teacher to arrange visits to local places at short notice however you will always be informed when your child is leaving school premises.

- I give consent for my child to take part in supervised local area visits as part of the curriculum during school hours.
- I DO NOT give consent for my child to take part in supervised local area visits as part of the curriculum during school hours.
